PNI Practicum Prelude: A Taste of PNI
Story Form

Last revised: 7 November 2023

On the following page is a story form (set of questions) you will use in your course project, both in your sandbox story-sharing session and in the sessions you will facilitate with people who are not taking the course. The stories you collect using this form will support your sensemaking activities in the later parts of the course.

Thank you for participating in our exploration of learning!

This project is part of a course in facilitating story sharing. By filling out this form, you are giving us permission to share your words with everyone else who is sharing stories in the project. All answers are optional.
